

1

According to the CDC only 6% of COVID deaths were due solely to COVID.

2

The COVID infection has a 99.47% survival rate.

3

The CDC has reported over 12,000 deaths and 518k adverse reactions in recipients of the COVID vaccine. (as of 8/2/21)

4

Fauci and 5 others that work at NIAID and NIH own patents in the Moderna vaccine (direct conflict of interest).

5

Science is being silenced and censorship is at an all time high. Where is the opportunity for debate?

6

The COVID vaccine is not FDA approved. It is has only been allowed under the Emergency Use Authorization Act.

7

The vaccine does not stop transmission of the virus. They only minimize symptoms if you contract it.

8

The virus mutates every 10 hours. Are we going to continue to make vaccines to keep up with that level of mutation?
